

BLACK FRIDAY SPECIAL DEAL

Virtual Patient Simulations available anywhere

DxR development group

DxR Nursing SELECT

DxR Clinician

Interactive critical-thinking cases based on real patient data

A composite image showing a screenshot of the DxR software interface. The interface includes a patient profile, a list of cases, and a detailed view of a case with a 3D anatomical model of a human torso. The text 'Virtual Patient Simulations available anywhere' is at the top, and 'Interactive critical-thinking cases based on real patient data' is at the bottom.

Offer expires 11/30
